

UPPER WILLAMETTE

SOIL & WATER CONSERVATION DISTRICT

JEDI COMMITTEE MEETING MINUTES

Monday April 14, 2021 at 4:00 pm

Approved September 24, 2021

Meeting held via Zoom

Present: Abel, Al, Eric, Dave, Sydney

Opening discussion: balancing the carrot and stick approach with wayward landowners - need to work with watershed councils on the carrot part & initial outreach

Minutes from last month: Al moved to accept, Abel 2nded: APPROVED

Finance Committee Update:

- Finally heard from David should get the RFP out by April 20th, all proposals by May 4th, Selection, Close May 20th (\$ in the bank) - still need to set a public hearing about it

Hiring committee update:

- Eric & Dave & staff are working on workload analysis and putting together a plan & timeline for hiring that covers existing workload and anticipated increased (& managerial) workload - we discussed the need to build the overarching organizational structure but also the need to figure out what is going on currently and how to balance immediate and future needs
- Fiscal position has only received 3 full & 3 partial applications, looks like it may need to be out longer
- Sydney has put together [suggestions for the hiring process](#) from the Network that can be used in designing the hiring process. She can also help put together interview questions as needed.

Overall interactions across committees/board/staff

- Building off Tuesday's discussion, we discussed the importance of improving communication across the committees and between board and staff to create more understanding and coherence of planning and timelines
- JEDI has produced lots of suggestions but we are lacking the time/space to implement/operationalize them
- Understand that JEDI work is about big change and doesn't happen overnight - it isn't going to be perfect but urgency isn't going to help either. Need time and investments in staff & board trainings
- Sydney will think about this and amend the proposed scope of work to address some of these questions (not just the community & partner engagement piece)
- A board retreat this summer would be a good idea, once everyone is vaccinated and able to get together- Sydney can facilitate

Budget Committee

- We did a good job getting the word out, have 5 different members with interesting backgrounds and good representation

BIPOC Advisors

- The idea is to have outside experts check out some of our internal policies & documents to give feedback (JEDI charter, Hiring process, etc) We have candidates but need the bridge loan to go through first. Sydney

has put together a draft MOU and description of the difference between honoraria and contract work- can't really be a policy until we have our new fiscal person on staff to create the policy. [Document Here](#).

JEDI Charter

- Discussed and edited the document (including committee membership), finalized and voted to approve; will take to the board to show them (but don't need their approval)

Minutes submitted by Sydney Nilan.
